

PROE record: Lighting up my life

Name: _____ **Date:** _____

Other members of your team: _____

Your team's task is to explore how to light up a light bulb using a battery and one or two wires. Draw your predictions and then record your reasons, observations and explanations on this record sheet using writing and drawings.

<p>Predict</p> <p>Draw how you could connect the equipment.</p>	
<p>Reason</p> <p>Why do you think it will work?</p>	
<p>Observe</p> <p>What happened? What did you see?</p>	
<p>Explain</p> <p>Did the results fit the prediction? Why do you think that is?</p>
