

I can see the light

Name: _____ **Date:** _____

Look at your resource sheet, 'Passing through?'. Decide which materials are transparent, translucent or opaque. Write or draw the objects or materials in the matching section below.

Transparent materials let a lot of light through. Objects can be seen clearly through transparent materials.

Translucent materials let some light through. Objects cannot be seen clearly through translucent materials.

Opaque materials don't let light through. Objects cannot be seen through opaque materials.
