

Impact investigation planner

Name: _____ **Date:** _____

Other members of your team: _____

Planning the investigation

Question for investigation.	What do you predict will happen? Explain why.
-----------------------------	---

Things (variables) you are going to:

Change	Measure	Keep the same
--------	---------	---------------

What equipment will you need?	Diagram of how you will set up the equipment.
-------------------------------	---

Recording results

Material tested	Height of drop measured in cms			
	1st trial	2nd trial	3rd trial	Average

Explaining results

Write a statement to summarise your findings.

Why did this happen?

Did the results match your prediction? Why or why not?

Evaluating the investigation

What challenges did you have doing this investigation?

How could you improve this investigation?
