

Can you help?

Dear students,

My name is Sandy the Star and I like to sing and dance and play music. In my world, there are usually many sounds but when I woke up this morning I found that all the sound had gone. I couldn't speak, the birds couldn't sing and the dogs couldn't bark. It has made me very sad and I don't know how to make the sound return.

Could you please help me to bring sound back to my world?
If you tell me how to make sound and how sound gets to our ears, then I might be able to find a way to bring it back. I would like to sing and talk and make music again and, with your help, maybe I can.

I hope you can help.

Yours sincerely,

**Sandy
the Star**
