University and 2011  
Australian of the Year

Open to all early- and mid-career researchers (EMCRs) and senior scientists, as well as representatives from industry and government.

Science Pathways 2016 will provide insights from nationally and internationally recognised leaders who will explain what leadership in their industry means, and how to develop yourself as a leader in their sector.

Registration opens early July and places will be limited.

Grants will be available to support the attendance of those with caring responsibilities. Details on how to apply will be available on the registration form.
