Marcello Costa: Bibliography (publications from 1965 – 2025) excluding abstracts.

1965

Costa M and Robecchi MG (1965) Sulla presenza di fibre adrenergiche nel mesentere e nella parete del canale alimentare. *Boll. Sci. Ital. Biol. Sper.*, 4: 1106-1108.

1966

Costa M (1966) Osservazioni preliminari sulla presenza di cellule e di fibre nervose adrenergiche nel nervo gangliare di Remak nel pollo. *Boll. Soc. Ital. Biol. Sper.*, 42: 976-978.

1967

Gabella G and Costa M (1967) Le fibre adrenergiche del canale alimentare. *Giorn. Acc. Med. Torino.*, 130: 1-12.

Gabella G and Costa M (1967) Un semplice apparecchio per freeze-drying. *Boll. Soc. Ital. Biol. Sper.*, 43: 1158-1161.

1968

Costa M (1968) Osservazioni tecniche sul riconoscimento istochimico delle fibre adrenergiche. *Riv. Istoch. Norm. e Patol.* 14.

Gabella G and Costa M (1968) Adrenergic fibres in the mucous membrane of guinea-pig alimentary tract. *Experientia*, 24: 706.

Gabella G and Costa M (1968) Adrenergic innervation of the intestinal smooth musculature. *Experientia*, 25: 395-396.

Gabella G and Costa M (1968) L'innervazione adrenergica del cardias, del piloro e del canale anale nella cavia. *Boll. Soc. Ital. Biol. Sper.*, 44: 1160-1162.

Gabella G and Costa M (1968) Primi risultati sulla localizzazione istochimica delle catecolamine in animali neonati. *Riv. Istoch. Norm. E. Patol.*, 14.

Gabella G and Costa M (1968) Sulla presenza di particolari cellule a catecolamine (S.I.F.) lungo il nervo vago. *Boll. Soc. Ital. Biol. Sper.*, 44: 1656-1657.

1969

Gabella G, Costa M (1969) Distribution of adrenergic fibres in the small intestine of the newborn guinea-pig. *Panminerva Medica*, 11: 407-409.

1970

Costa M and Filogamo G (1970) Effects of colchicine on adrenergic fibers of intestinal nerve plexuses. *Bollettino della Società italiana di biologia sperimentale* ; 46(21):865-7.

1971

Costa M and Furness JB (1971) Storage, uptake and synthesis of catecholamines in the intrinsic adrenergic neurones in the proximal colon of the guinea-pig. *Z. Zellforsch.*, 120: 364-385. *Cell Tissue Res*

Costa M, Furness JB and Gabella G (1971) Catecholamine containing nerve cells in the mammalian myenteric plexus. *Histochemie*, 25: 103-106.

Costa M and Gabella G (1971) Adrenergic innervation of the alimentary canal. *Z. Zellforsch.*, 122: 357-377. *Cell Tissue Res*

Furness JB and Costa M (1971) Monoamine oxidase histochemistry of enteric neurones in the guinea-pig. *Histochemie*, 28: 324-336.

Furness JB and Costa M (1971) Morphology and distribution of intrinsic adrenergic neurones in the proximal colon of the guinea-pig. *Z. Zellforsch.*, 120: 346-363. *Cell Tissue Res*

1972

Costa M and Furness JB (1972) Slow contraction of the guinea-pig proximal colon in response to the stimulation of an unidentified type of nerve. *Brit. J. Pharmacol.*, 45: 151-152.

1973

Burnstock G and Costa M (1973) Inhibitory innervation of the gut. *Gastroenterol.*, 64: 141-144.

Costa M, Eranko, L. and Eranko O (1973) Effect of hydrocortisone on the extra adrenal intensely fluorescent chromaffin and non-chromaffin cells in stretch preparations of the newborn rat. *Z. Zellforsch.*, 398: 565-578. *Cell Tissue Res*

Costa M and Furness JB (1973) Observations on the anatomy and amine histochemistry of the nerves and ganglia which supply the pelvic viscera and on the associated chromaffin tissue in the guinea-pig. *Z. Anat. Entwickl.-Gesch.*, 140: 85-108.

Costa M and Furness JB (1973) The origins of the adrenergic fibres which innervate the internal anal sphincter, the rectum, and other tissues of the pelvic region in the guinea-pig. *Z. Anat. Entwickl.-Gesch.*, 140: 129-142.

Costa M and Furness JB (1973) The simultaneous demonstration of adrenergic fibres and enteric ganglion cells. *Histochem. J.*, 5: 343-349.

Furness JB and Costa M (1973) The nervous release and the action of substances which affect intestinal muscle through neither adrenoreceptors nor cholinoreceptors. *Phil. Trans. R. Soc. Lond. B.*, 265: 123-133.

Furness JB and Costa M (1973) The ramifications of adrenergic nerve terminals in the rectum, and sphincter and anal accessory muscles of the guinea-pig. *Z. Anat. Entwickl.-Gesch.*, 140: 109-128.

1974

Costa M and Eranko O (1974) Histochemical correlates of cold-induced trans-synaptic induction in the rat superior cervical ganglion. *Histochem. J.*, 6: 35-53.

Costa M, Eranko O and Eranko L (1974) Hydrocortisone-induced increase in the histochemically demonstrable catecholamine content of sympathetic neurons of the newborn rat. *Brain Res.* 67: 457-466.

Costa M and Furness JB (1974) The innervation of the internal anal sphincter of the guinea-pig. In: *Proc. 4th Int. Symp. on Gastrointestinal Motility* (ed. E.E. Daniel) pp. 681-690, Mitchell Press, Vancouver.

Furness JB and Costa M (1974) Adynamic ileus, its pathogenesis and treatment. *Med. Biol.*, 52: 82-89.

Furness JB and Costa M (1974) The adrenergic innervation of the gastrointestinal tract. *Ergeb. Physiol.*, 69: 1-54.

1975

Costa M, Furness JB and Dawson K (1975) Potentiation by cocaine of relaxations of the guinea-pig colon caused by noradrenaline and by stimulation of adrenergic nerves. *Aust. J. Exp. Biol. Med.*, 53: 223-232.

Furness JB and Costa M (1975) The use of glyoxylic acid for the fluorescence histochemical demonstration of peripheral stores of noradrenaline and 5-hydroxytryptamine in whole mounts. *Histochemistry*, 41: 335-352.

1976

- Burnstock G and Costa M (1976) *The Peripheral Adrenergic Neuron*. Chapman and Hall.
- Costa M and Furness JB (1976) The peristaltic reflex: an analysis of the nerve pathways and their pharmacology. *Naunyn-Schmiedeberg's Arch. Pharmacol.*, 294: 47-60.
- Costa M, Furness JB and McLean JR (1976) The presence of aromatic L-amino acid decarboxylase in certain intestinal nerve cells. *Histochemistry.*, 48: 129-143.
- Costa M, Rush RA, Furness JB and Geffen LB (1976) Histochemical evidence for the degeneration of peripheral noradrenergic axons following intravenous injection of antibodies to dopamine- β -hydroxylase. *Neurosci. Lett.*, 3: 201-207.
- Furness JB and Costa M (1976) Some observations on extra-adrenal chromaffin cells of the lower abdomen and pelvis. In: *Chromaffin, Enterochromaffin and Related Cells* (eds. R.E. Coupland and T. Fujita) pp. 25-34, Elsevier Scientific Publishing Co., Amsterdam.
- Rush RA, Costa M, Furness JB and Geffen LB (1976) Changes in tyrosine hydroxylase and dopamine- β -hydroxylase activities during degeneration of noradrenergic axons produced by antibodies to dopamine- β -hydroxylase. *Neurosci. Lett.*, 3: 209-213.

1977

- Blessing WW, Costa M, Geffen LB, Rush RA and Fink G (1977) Immune lesions of noradrenergic neurones in rat central nervous system produced by antibodies to dopamine-beta-hydroxylase. *Nature*, 267: 368-9.
