

## FASIC FELLOWSHIPS 2016

### NOTES FOR REFEREES

Applicants are responsible for sending this form, a copy of their application and information about the Program to a referee who agrees to provide the Australian Academy of Science with a referee report by 5pm (AEST) Saturday 30 April 2016.

Referees are asked to complete the Referee Report Form addressing the following points:

1. Is your field of research the same as the applicant's? Please explain.
2. Please discuss the scientific merit of the proposal.
3. The objective of the Program is to support research and initiate or consolidate collaboration with a leading-edge French host organisation. Would the proposed visit achieve these outcomes (e.g. establish links with researchers; gain access to equipment, knowledge and/or skills not available in Australia)?
4. Please describe the benefits of conducting this research project in France rather than in another country, including Australia.
5. What personal qualities does the applicant have that would make him/her successful in establishing or expanding contacts in France?
6. Would the proposed visit contribute to the development of the applicant's field of research and/or career?
7. Please declare your connections with the applicant in the area of joint-publications.

#### **How to send the referee report:**

- The referee report should be sent by **5pm (AEST) Saturday 30 April 2016**.
- The referee report should be submitted electronically to the applicant's institution for inclusion in the completed grant application to be submitted by the research/grants office or directly to the Academy.
