IMPORTANT NOTICES

* indicates a required field

Eligibility

Ideal applicants will demonstrate a strong commitment to their principal field of studies in physics and to interdisciplinary work, for example by double degrees or interdisciplinary projects.

Prior to applying, you must get approval from your research office (or equivalent). Each institution is limited to approving two ECRs.

Eligible institutions include Australian universities, Australian publicly funded research organisations and research-focused institutions.

- Applications are open to eligible Australian-based early career researchers, specifically:
 - applicants currently enrolled in a research higher degree* at an Australian university, and/or
 - applicants who have (1) undertaken a research higher degree* and the applicant's most recent higher degree has been conferred for less than three years and are (2) working in an Australian university, Australian publicly funded research organisation or research-focused institution **Master of Philosophy (MPhil), Doctor of Philosophy (PhD) or a Postdoctoral Fellowship*.
- Applicants must be aged 35 years or younger at the time of the meeting, unless there is an exception for special cases (e.g. career interruption due to maternity leave).
- Applicants will not hold a permanent position (in particular professorships).

The above must be current at the date of the Lindau Meeting (30 June to 5 July 2024). If you have any questions about your eligibility, please contact the Academy on (02) 9201 9461.

Do you meet eligibility criteria? *

- ☐ Yes
☐ No

Terms and conditions

- 1.Applications will be considered by an Australian Academy of Science selection panel and a maximum of 10 short-listed candidates will be recommended to the Council for Lindau Nobel Laureate Meetings. **The final decision regarding attendance at the 73rd Lindau Nobel Laureates Meeting will be made by the Council for Lindau Nobel Laureates Meetings.** Decisions are based upon the assessed competitiveness of the application. The Academy is not able to enter into discussion or correspondence regarding the reasons why an application is successful or not.
- 2.The registration fee for the 2024 meeting is EUR2,500 per attendee. The Academy's grant-in-aid will contribute up to AUD4,000 towards this fee for each attendee. If the final figure for the registration fee exceeds AUD4,000 after conversion the **attendee must pay the difference** to the Academy before 31 July 2024. **The applicant agrees to this condition by submission of this application form.**
- 3.The program does not provide funds for bench fees, managerial, insurance or visa costs.

- 4.All successful delegates are expected to attend a Lindau virtual briefing event organised by the Academy that will take place in May 2024, at a date to be confirmed.
- 5.All successful delegates are expected to attend the full program of events at the 73rd Lindau Nobel Laureates Meeting. Delegates will need to attend the full duration of the meeting including the official closing of the program on Friday 5 July 2024.
- 6.Prior to the meeting, delegates will have the opportunity to take part in a SIEF Research Innovation Tour, visiting relevant research institutions in and close to Berlin starting on Monday 24 June and concluding on Friday 28 June 2024. This tour is also funded by SIEF.
- 7.External factors may alter the above schedules, fees and requirements of attending the 73rd Lindau Nobel Laureate Meeting.

Do you accept all of the above terms and conditions? *

- ☐ Yes
☐ No

Applicant agreement

As you selected 'No' to the above eligibility and/or terms and conditions you are not able to complete this application. Please contact the Australian Academy of Science: lindau@science.org.au to discuss further.

Important note regarding diversity of the Australian Lindau delegation

The Australian Academy of Science is committed to championing and supporting diversity and equity in science and considers both scientific excellence and a range of diversity issues including gender balance in the selection of the SIEF-AAS Fellows. However, the final selection of attendees is at the discretion of the Council for Lindau Nobel Laureate Meetings. To learn more about the Academy's efforts to address gender equity in the STEM sector, please visit the [Academy website](#).
